

# One Stop Solution for Heavy Steel Fabrication Job

## PLATE BENDING MACHINE :

**Pyramid** base principle 3 & 4 Roll **Hydraulic** Plate Bending Machine used for roll bending of plates with pre-pinching **Product** like Vessel & Tanks, Cone, Silos, Over & Under Storage Tanks, Heavy Transmission Pipe, etc.  
**Range** from 16mm to 100mm and Length of 2500mm to 5000mm  
Electromechanical or PLC based balancing & parallelism system.

## PRESS BRAKE :

One of most important sheet metal forming machinery mainly used to bend sheet/plate in different angles.  
**Products** like Bus & Truck Body Builders, Electric Panel, Door & Window Frame and many more.  
**Range** is 80T to 600T in Length 2000 to 6000mm.  
NC & CNC version are available.

## SHEARING MACHINE :

Mainly used for cutting heavy coil, plain sized **sheet/plate**  
**Range** is 4mm to 30mm and **length** from 2000mm to 5000mm.  
NC/PLC version are available.

## HYDRAULIC PRESS :

Mainly used for bending of Disc Ends, higher thickness plates, straightening of Angle, Channel, I Beam etc section.  
**Range** of H type Hydraulic Press from 100T to 1000T  
**Sectors** like Shipbuilding, Tanks & Vessel, Cement factory, Oil & Gas, Automobile, and General Fabricator of Section & Sheet/Plate.

# Forming Your Future

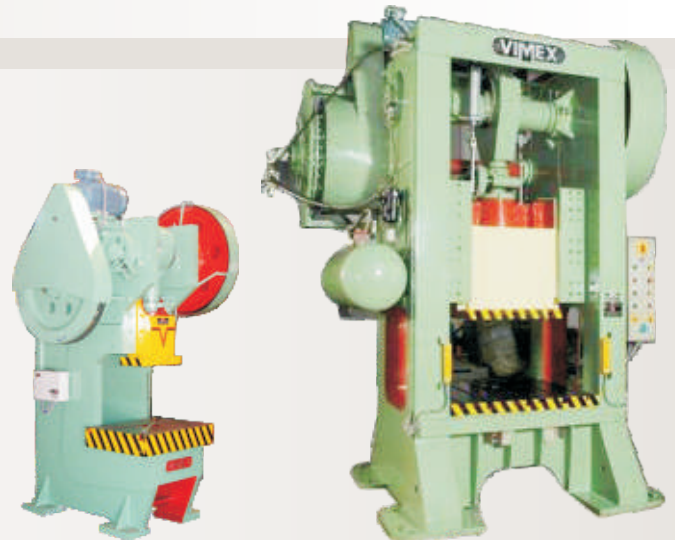

## DEEP DRAW PRESS :

Suitable for manufacturing various type of Deep Draw Product of Steel. We offer **H type models** with Top & Bottom Cushioning **Cap-100T to 500T**. **Components** like Auto Radiators, Kitchen Shrinks, Motor Casing, Consumer Durables etc from MS, SS, and Brass Sheets.

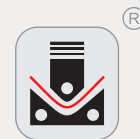

## POWER PRESS :

Ultimate & latest solution for make component like circle, blanking, embossing, bending, cutting of sized or coil sheet. we offer **C & H type Presses** from **50T to 600T** with optional of **Mechanical, Pneumatic clutch**. Presses are required by all major industries like Automobile, Railways, Defence, House Hold Appliances, Infrastructure, Power & Telecommunication etc.

VIMEX was founded in 1982 and since then the company evolved in to becoming one of the leading Manufacturer & Exporter of medium & heavy duty Sheet Metal Forming Machinery. We incorporate the latest technology in our machines to ensure customer satisfaction and improve productivity & product quality. After achieving a reputed name & fame in Domestic market the company decided to expand its presence in various countries like UAE, Doha, Bahrain, Saudi Arabia, Oman, Yemen, South Africa, Senegal and looking to further spreads our wing across Latin America, East & West African Countries.
